Dear Chris:

As your summer assignment at FBIS draws to a close, I wish to thank you for your good work at the Joint Publications Research Service of Production Group. Your diligence in carrying out your assigned tasks and your cheerful willingness to pitch in whenever and wherever needed earned the appreciation of the ELAA and Publications sections.

I hope that this summer has been interesting and pleasant for you. Your colleagues have enjoyed working with you, Chris, and join me in wishing you success in the coming school year as you continue your studies at the University of Virginia in pursuit of your educational goals in the field of biology.

Sincerely,

STAT
